

Nimrod Engineering Limited

Warranty

Nimrod Engineering Ltd (hereafter referred to as Nimrod) guarantees any products manufactured or supplied by them to be free from manufacturing defects of any description.

The standard warranty period is 12 months, or 1000 hours, whichever occurs first, beginning 10 days from the date of shipment, or from the date of fitting to the host machine, whichever occurs first.

Acceptance of a warranty claim shall be on presentation of the faulty unit to Nimrod, or its authorised agent.

Nimrod will arrange, and pay, for repaired goods to be returned to the customer; however the customer bears responsibility and cost for any goods to reach Nimrod, or its authorised agent.

The following will cause the warranty to be voided:

- Faults caused by mishandling, misuse or abuse. i.e. using the product for jobs that it is not intended for.
- Faulty installation carried out by other than Nimrod or its authorised agent.
- Products that have been modified/repared without written authorisation from Nimrod.
- Faults caused by poor maintenance and/or neglect.
- Hydraulic components not fitted with correct relief valving, or relief set incorrectly.

Nimrod is not liable for any consequential costs arising from faulty product, or for any consumable items used in repairs such as filters, hydraulic oil, and grease.

Normal wear and tear will be taken into account, with regard to any warranty claim.
